PROFESSIONAL SUMMARY

Dedicated BCA Student with a strong foundation in software development, database management, and modern web technologies. Currently honing skills in building full-stack applications and solving complex algorithmic problems. Eager to leverage technical expertise and a proactive learning approach in a professional development environment.

TECHNICAL SKILLS

- **Languages:** Python, JavaScript, SQL
- **Web Technologies:** HTML5, CSS3
- **Databases:** PostgreSQL
- **Frameworks:** Flask
- **Core CS Concepts:** Data Structures, Object-Oriented Programming (OOPs), DBMS, Operating Systems, SDLC

EDUCATION

Bachelor of Computer Applications (BCA) | Kerala University | Expected Graduation: May 2026 | Current CGPA: 6.27/10.0

- **Key Coursework:** Data Structures, Web Development, Database Systems, Software Engineering, Python Programming.

Higher Secondary Education (Class XII) | G H S S Kottarakkara

Completion: 2023 | Percentage: 79%

TECHNICAL PROJECTS

Campus Ride-Sharing Platform | Flask, PostgreSQL, JavaScript

- Developed a full-stack web application designed to facilitate peer-to-peer carpooling among students and faculty.
- Designed a relational database schema in **PostgreSQL** to manage user profiles, ride schedules, and real-time availability.
- Implemented user authentication and session management using Flask-Login to ensure secure access to campus-only features.
- Created a responsive front-end using **HTML5, CSS3, and JavaScript**, resulting in a seamless experience across mobile and desktop devices.
